

**InfraBuild**  
Building futures through sustainable steel

## 2022 ACRS Certification

InfraBuild supplies a comprehensive range of steel products manufactured to AS/NZS 3679.1, AS/NZS 4671 and AS/NZS 4672 for use in the construction industry.

Mill test certificates for these products demonstrate that the product conforms to the requirements of the relevant Australian Standard. ACRS certification is confirmation from an independent authority that the mill has demonstrated capability to manufacture the products to the relevant Australian Standards and does so consistently.

All products supplied by InfraBuild that are covered by an ACRS Certificate are included in the 2022 Compendium of ACRS Certificates.

ACRS Certificates for Austube Cold-formed hollow sections can be accessed from [www.AustubeMills.com](http://www.AustubeMills.com)

## CERTIFICATE OF PRODUCT PERFORMANCE

Certificate Number: 110301

**LIBERTY**

**LIBERTY PRIMARY STEEL**  
**WHYALLA, SA, AUSTRALIA**

has satisfied the Authority that it complies with the rules of the ACRS Product Certification Scheme, and the relevant ACRS Quality and Operations Assessment Procedures. Where appropriate, and as listed below, it has further satisfied the Authority that it manufactures and/or supplies products that conform with the standards listed below, and is entitled to use the ACRS mark in relation to the products listed on this certificate.

### Scope of Certification

**Manufacture of hot-rolled sections to AS/NZS 3679.1:2016 and AS/NZS 5131:2016**

Structural steelwork – Fabrication and erection, plus the requirements of the “Materials” and “Fabrication” sections of AS 4100:2020 Steel structures, or AS/NZS 5100.6:2017 Bridge design – Steel and Composite, or the Materials and Brittle Fracture section of NZS 3404:2009 Steel Structures Standard – Materials fabrication and construction.

Full details of the products for which certification has been achieved should be viewed at: [www.steelcertification.com](http://www.steelcertification.com)

By authority of  
ACRS Board:

Andrew Wheeler, Acting Executive Director

Valid until:

31 December 2022

## CERTIFICATE OF PRODUCT PERFORMANCE

Certificate Number: 311021

INFRABUILD STEEL  
LAVERTON, VIC, AUSTRALIA

has satisfied the Authority that it complies with the rules of the ACRS Product Certification Scheme, and the relevant ACRS Quality and Operations Assessment Procedures. Where appropriate, and as listed below, it has further satisfied the Authority that it manufactures and/or supplies products that conform with the standards listed below, and is entitled to use the ACRS mark in relation to the products listed on this certificate.

### SCOPE OF CERTIFICATION

#### Reinforcing Bar Manufactured in Coil to AS/NZS 4671:2019

Products listed on this Manufactured Product certificate may be relied upon as having the benefit of ACRS Product Scheme certification after any subsequent processing only where cut, or bent, or welded by an ACRS certified processor. For Approval of processed reinforcing bar, refer to the bar processor's ACRS Fabricated Product certificate.

Full details of the products for which certification has been achieved should be viewed at: [www.steelcertification.com](http://www.steelcertification.com)

## CERTIFICATE OF PRODUCT PERFORMANCE

Certificate Number: 60602

**INFRABUILD REINFORCING**  
**FORRESTFIELD, WA, AUSTRALIA**

has satisfied the Authority that it complies with the rules of the ACRS Product Certification Scheme, and the relevant ACRS Quality and Operations Assessment Procedures. Where appropriate, and as listed below, it has further satisfied the Authority that it manufactures and/or supplies products that conform with the standards listed below, and is entitled to use the ACRS mark in relation to the products listed on this certificate.

### Scope of Certification

#### **Processing and distribution of carbon steel bars, welded mesh.**

- a) Processing and distribution of carbon steel bars and welded mesh in accordance with AS/NZS 4671: 2001, and either AS 3600: 2018 Concrete structures and AS 5100.5: 2017 Bridge design – Concrete “material and construction requirements for reinforcing steel”, or the “Reinforcement” clauses of NZS 3109 Concrete Construction.

Processed steel reinforcing materials may only be relied upon as having the benefit of ACRS Product Scheme certification when manufactured by ACRS certified mills. Please refer to the manufacturer’s ACRS certificates for details.

Full details of the products for which certification has been achieved should be viewed at: [www.steelcertification.com](http://www.steelcertification.com)
